About DC CAPCO

The DC CAPCO Program was proposed by Mayor Williams and enacted in 2004 by DC Council. Through CAPCO, insurance companies are provided with a DC tax credit against their premium taxes in exchange for making available \$50 million in long-term equity (and debt) for new or expanding small businesses based in DC. Three initial funds will be managed by professional venture capitalists, and will stimulate the creation of high-wage jobs, as well as provide an incentive to retain, expand and attract business to DC.

When: May 17, 2005

Location: 441 4th St., NW
Old Council Chambers (First Floor)

Time: 6:30pm-8:00pm
